Town Council
Town of Stanardsville
19 Celt Road
Stanardsville, VA 22973

Dear Mayor and Members of the Town Council,

On behalf of the Greene County Board of Supervisors, we write to express our enthusiastic support of your work to renovate the historic William Mills House in Stanardsville. To date, your hard work has resulted in the donation of the house to the Town, with the requirement to move the Town Hall to the Mills location as stipulated by the donor.

This landmark holds significant cultural and architectural value for our community, representing an important chapter in Greene County's heritage. Its preservation and renovation not only honor our shared history but also presents a meaningful catalyst for economic development, enhanced tourism, and civic pride in the Town of Stanardsville. Along with the expanded streetscape improvements, these efforts are transforming Stanardsville into a vibrant, walkable, and welcoming destination for residents and visitors alike. The opportunity to both support existing businesses as well as provide space for community use, and small business incubation will bring the Town's vision to fruition.

We commend the Town's leadership and vision in prioritizing this project and recognize the potential for the William Mills House to serve as a cornerstone for future revitalization efforts. The Board stands ready to collaborate and assist in identifying resources (such as grants), partnerships, and support that may help bring this renovation to fruition.

We appreciate your work and fundraising efforts to preserve this vital piece of Greene County's legacy for generations to come.

Sincerely,

Steve Catalano
Chairman, Greene County Board of Supervisors
