Re: Greene County Reservoir Raw Water Intake and Pump Station No. 1, Division 3
Greene County, Virginia
WWA Project No. 218001.02

Dear Ms. Schafrik:

Two bids were received for the referenced project on October 9, 2025 at 2:00 P.M. and publicly opened. English Construction Company, Inc., was the apparent low bidder with a total base bid in the amount of \$18,440,000.

We have reviewed the bid documentation and find these documents to be in order. In addition, we have successfully worked with English Construction on other projects, including the wastewater outfall for the Rapidan WWTP. We have negotiated Value Engineering items with English Construction since the bid opening in the amount of \$1,523,000. These VE items include:

- Shifting the Pump Station closer to the River
- Reducing the footprint of the pump station and Wetwell
- Shifting the Electrical room and discharge piping and including a 24" plug valve on the discharge
- Removing 2 screens
- Removing a Sluice Gate and associated 16" Drain Line
- Reducing the 36" Intake line down to 30" including the sluice gate
- Eliminating the concrete encasement on the intake line, modifying the starting point of encasement and reducing the encasement dimensions on the 36" intake
- Reducing the quantity of the protective piles down to 9.
- Eliminate the Ladder in the wetwell
- Modifying a storm line to discharge down the bank instead of crossing in front of the pump station

We therefore recommend awarding the construction contract to English Construction Company, Inc., in the amount of \$16,917,000 contingent upon funding availability.

The bid tabulation and documentation are enclosed for your review. We are available to administer this contract upon your authorization. Please feel free to contact us should you have any questions.

Sincerely,

WW Associates, Inc.
