RE: MATTERS FROM THE PUBLIC

Mr. Steve Barber was present to oppose the access from the Route 33 Bypass to the Sims farm subdivision. He does not agree with the traffic having to leave the subdivision and head west just to make a U-turn to go east towards Ruckersville.

RE: PUBLIC HEARING TO CONSIDER AMENDING THE GREENE COUNTY CODE OF ORDINANCES TO INCLUDE PROVISIONS FOR A THIRD-PARTY VENDOR TO INSTALL AND MONITOR SPEED CAMERAS IN SCHOOL ZONES, ON SCHOOL BUSES, AND IN HIGHWAY WORK ZONES PURSUANT TO VIRGINIA CODE §46.2-882.1 AND §46.2-844

Ms. Kemp said that the Board had asked her to draft an ordinance after a recent presentation from a company that would install speed cameras in school zones, work zones and on school bus arms. Ms. Kemp said that this ordinance would cover all of those options in case the Board chose to use them in the future. She said that she had shared the draft ordinance with the Sheriff and Dr. Whitmarsh.

The public hearing was opened and closed with no comments.

The Board discussed various questions and concerns but decided that the purpose of this public hearing was to adopt the ordinance and the rest of the details could be worked out with procurement.

RE: REQUEST FOR RESOLUTION OF SUPPORT FROM THE BOARD OF SUPERVISORS TO THE COMMONWEALTH TRANSPORTATION BOARD FOR A SINGLE ENTRANCE EXCEPTION ALONG THE ROUTE 33 BYPASS

Mr. Frydl explained the request, which was previously heard during the July 11, 2023, meeting, by Shimp Engineering for a resolution of support to the Commonwealth Transportation Board to add an entrance/exit to the Route 33 Bypass which is a limited access highway. There is a by-right five hundred home subdivision that is to be built and the only access to the subdivision will be from Main Street in the Town of Stanardsville. The Commonwealth Transportation Board is the only entity that can make the decision as to whether this is allowed or not, but they will not consider the request without a resolution of support from the Board. Mr. Frydl said that VDOT, the Sheriff and the Director of Emergency Services are all in favor of this request.

Mr. Herring reiterated that not approving this request does not stop this development from happening. He said that the Board needs to decide whether or not they want all the traffic from this development routed onto Main Street.

Mr. Bowman said that he is pleased to see the comments from the Sheriff and the Emergency Services Director and that he will support this request.

Ms. Heflin said that she feels, with the pending request for rezone to PUD, that this request is putting the cart before the horse. She feels like a decision on this request should wait until after the public hearing for the rezone request.

Mr. Lamb said that he does not agree with traffic being routed to make a U-turn at the stop light at Celt Road.

Mr. Herring asked if the Mayor of Stanardsville supported this request. Mr. Frydl said that he did.

Upon motion by Steve Bowman, second by Dale Herring and affirmative roll call vote, the Board approved the resolution of support as presented.

Recorded vote:	Marie Durrer	-	No
	Dale Herring	-	Yes
	Steve Bowman	-	Yes
	Abbey Heflin	-	No
	Davis Lamb	-	No

Motion failed.

RE: COMMUNITY DEVELOPMENT FEE ASSESSMENT AND RECOMMENDATIONS

Mr. Frydl and Mr. Crosby were present to ask the Board to approve the recommended changes to the fee structures in each of their offices, Planning and Zoning and Building Inspections. Mr. Frydl said that he and his staff looked at the costs associated with applications in his office and said that they feel there should be a fee added when an application requires more than two reviews. Mr. Crosby said that he and his staff looked at the fee structure for Building Inspections and are recommending several updates which will simplify the schedule to make it easier for the public and staff. He said that there are no increases in new single-family permits or new commercial permit fees. They added Accessory Dwelling Units to the schedule but there is no change in the fee. The fee for Residential Remodel/Small Additions/Unfinished Basement will be \$300. Most of the miscellaneous permits will now be a flat fee of \$100. The Generator Permit fee increased by \$100. Lastly, a minimum fee was added to Amusement Rides as there was no fee previously.

Mr. Lamb said that he had questioned Ms. Schafrik about a fee increase and she explained that it was due to the high cost of advertising requirements. Ms. Heflin said that she was also concerned about this, as in surrounding localities fees are not as high as ours. Mr. Frydl explained that the advertising requirements for public hearings say that we must advertise in the newspaper, which is costly, and the BZA members receive \$50 per meeting, so without including staff costs, an appeal costs \$490 to process. The fee was only \$200, which means tax dollars are subsidizing people's appeals. Ms. Heflin said that she feels it will become cost prohibitive for people to apply at the proposed rate. The Board felt that tax dollars should not be used to cover appeals.

Upon motion by Steve Bowman, second by Marie Durrer and unanimous roll call vote, the Board approved the fee schedules for Community Development as presented. (See Attachment "F")

Recorded vote:	Marie Durrer	-	Yes
	Dale Herring	-	Yes
	Steve Bowman	-	Yes
	Abbey Heflin	-	Yes
	Davis Lamb	-	Yes

Motion carried.

RE: RESOLUTION TO ACCEPT AND APPROPRIATE \$172,000 IN STATE RESCUE SQUAD ASSISTANCE FUND GRANT FUNDING FOR THE EMERGENCY SERVICES DEPARTMENT

Mr. Herring said that he is happy to say that we have been chosen as a recipient of \$172,000 from the State Rescue Squad Assistance Fund grant. Mr. Herring said that this does not supplant the budget; it is in addition to the budget. The Board previously approved the application process for this grant. This grant will fund ½ of an ambulance.

Upon motion by Steve Bowman, second by Marie Durrer and unanimous roll call vote, the Board approved the resolution as presented. (See Attachment “G”)

Recorded vote:	Marie Durrer	-	Yes
	Dale Herring	-	Yes
	Steve Bowman	-	Yes
	Abbey Heflin	-	Yes
	Davis Lamb	-	Yes

Motion carried.

RE: RESOLUTION TO APPROPRIATE \$172,000 FROM ARPA FUNDS FOR COVID-19 MITIGATION AND PREVENTION; THE FUNDS WILL BE USED AS A MATCH TO THE 2023 RESCUE SQUAD ASSISTANCE FUND GRANT AWARD

Mr. Herring said that, to go along with the previous agenda item, the Board needs to appropriate \$172,000 from ARPA funds to cover the match for the State Rescue Squad Assistance Fund grant to purchase an ambulance.

Upon motion by Steve Bowman, second by Abbey Heflin and unanimous roll call vote, the Board approved the resolution as presented. (See Attachment “H”)

Recorded vote:	Marie Durrer	-	Yes
	Dale Herring	-	Yes
	Steve Bowman	-	Yes
	Abbey Heflin	-	Yes
	Davis Lamb	-	Yes

Motion carried.

RE: BOARD LIAISON REPORTS

Ms. Heflin said that she attended the EDA meeting this past Tuesday. She said that the Harley Davidson project is going to be starting soon and that STAR has applied for a grant that will help small business entrepreneurs come to the Town of Stanardsville.

Mr. Bowman said that he attended the Jaunt meeting where they cancelled their August meeting. Their next meeting will be on September 13th. He said that they are working on trying to update their software and have engaged the assistance of the North Dakota State University's Small Urban and Rural Center on Mobility and the Texas A&M Transportation Institute to focus on scheduling and mapping. He said that they are also going to host a conversation about a Jaunt transit authority, and he feels that we should participate. Mr. Bowman said that he attended the Planning Commission meeting, and they started on the Comprehensive Plan goals and implementation plan. After further discussion, they will forward their recommendations to the Board of Supervisors. He said they also discussed the rezone request 23-001 and approved the rezone to PUD 4-1. The Town Planning Commission approved the same request on the property located within Town limits 5-0.

Mr. Herring said that he attended the ESAB meeting where they discussed 3 proposals for recruitment and retention; paid firefighters, a retirement plan for the volunteers or a reduction in their real estate or personal property taxes. Mr. Herring said that TJPDC cancelled their meeting.

RE: COUNTY ADMINISTRATOR'S UPDATE

Ms. Schafrik said that the roof on the Animal Shelter was completed by July 12th and payment was made on the 14th. She said that she will continually give updates on the Water and Sewer projects as they are a strategic priority for us. She said that the daily operational duties and meter reads are underway. She shared that there is grant money available through DEQ for residents of Greene whose property drains into the Rapidan River watershed for repairs and replacement of septic systems and lines. CODE OF THE COUNTY OF GREENE, VIRGINIA

CHAPTER 70 TRAFFIC AND VEHICLES

ARTICLE III PHOTO AND VIDEO MONITORING TRAFFIC ENFORCEMENT

Sec. 70-xx Use of photo monitoring systems to enforce speed limits in school zones and highway work zones

- (a) Pursuant to Section 46.2-882.1(B) of the Code of Virginia, the Greene County Sheriff's Office is hereby authorized to install and operate a photo speed monitoring system in school crossing zones and highway work zones for the purposes of recording violations.
- (b) For purposes of this section, "speed monitoring system" means equipment that uses radar or LIDAR-based speed detection and produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles. "School crossing zone" has the same meaning ascribed to it as in Virginia Code § 46.2-873. "Highway work zone" has the same meaning as ascribed to it in Virginia Code § 46.2-878.1.
- (c) A private vendor may enter into an agreement with Greene County to be compensated for providing photo speed monitoring devices and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer may swear to or affirm the certificate required by this subsection. Any such agreement for compensation shall be based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed. Any private vendor contracting with Greene County pursuant to this section may enter into an agreement with the Sheriff's Office in accordance with the provisions of Virginia Code § 46.2-208(B)(31), to obtain vehicle owner information regarding the registered owners of vehicles that committed a violation of Virginia Code § 46.2-873 or 46.2-878.1. Any such information provided to such private vendor shall be protected in a database.
- (d) A summons for a violation of Virginia Code § 46.2-873 or § 46.2-878.1 issued by mail pursuant to this section may be executed pursuant to Virginia Code § 19.2-76.2. Notwithstanding the provisions of Virginia Code § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Sheriff's Office. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subdivision 3 and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in Virginia Code § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a violation of Virginia Code § 46.2-873 or 46.2-878.1 issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information

collected by a photo speed monitoring device in connection with the violation. If the law-enforcement agency that was operating the photo speed monitoring device does not execute a summons for a violation of Virginia Code § 46.2-873 or 46.2-878.1 issued pursuant to this section within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the violation, pursuant to this section and shall comply with the requirements of Virginia Code § 46.2-882.1(B)(5).

- (e) All speed monitoring systems placed in school crossing zones or highway work zones shall, at a minimum, produce a certificate or a facsimile thereof, sworn to or affirmed by a law enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by the device, shall be prima facie evidence of the facts contained therein.
- (f) The driver of a motor vehicle found to be in violation of Sections 46.2-873 or 46.878.1 of the Code of Virginia based upon evidence obtained from a video monitoring system, shall be liable for a civil penalty of one hundred dollars (\$100.00) imposed in accordance with this section if such vehicle is found as evidenced by information obtained from a speed monitoring system placed in a school crossing zone to have violated Sections 46.2-873 or 46.878.1 of the Code of Virginia.
- (g) Information collected by a photo speed monitoring device operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of school crossing zone and highway work zone speeding violations. Information provided to the operator of a photo speed monitoring device shall be protected in a database and used only for enforcement against individuals who violate the provisions of this section or Code of Virginia §§ 46.2-873 or 46.2-878.1. Notwithstanding any other provisions of law, all photographs, microphotographs, videotapes or other recorded images collected by a photo speed monitoring device shall be used exclusively for enforcing school crossing zone and highway work zone speed limits and shall not be:
 - Open to the public;
 - Sold or used for sales, solicitation or marking purposes;
 - Disclosed to any other entity except as may be necessary for the enforcement of school crossing zone and highway work zone speed limits or to a vehicle owner or operator as part of a challenge to the violation; or
 - Used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or Code of Virginia §§ 46.2-873 or 46.2-878.1, or such information is requested upon order from a court of competent jurisdiction.Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties.
- (h) Any person found liable under this ordinance may contest the summons charging the violation, as provided by Code of Virginia Section 46.2-882.1(B)(3).

- (i) Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. However, if a law-enforcement officer uses a photo speed monitoring device to record a violation of Virginia Code §§ 46.2-873 or 46.2-878.1 and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.
- (j) A conspicuous sign shall be placed within 1,000 feet of any school crossing zone or highway work zone at which a photo speed monitoring device is used, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the speed limit violation.
- (k) The Greene County Sheriff's Office shall report to the Virginia State Police, in a format to be determined by the Department of State Police, by January 15 of each year on the number of traffic violations prosecuted, the number of successful prosecutions, and the total amount of monetary civil penalties collected. The Virginia State Police shall aggregate such information and report it to the General Assembly by February 15 of each year.

Sec. 70-xx Use of Video-Monitoring Systems in or on School Buses.

- (a) The Greene County School Board is authorized to install and operate a video-monitoring system in or on the school buses operated by the School Board, or to contract with a private vendor to do so on its behalf for the purpose of recording violations of Virginia Code § 46.2-844 (passing a stopped school bus). The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a video-monitoring device, to be passing a stopped school bus. Such civil penalty shall not exceed \$250.00 and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions.
- (b) For purposes of this section, "video-monitoring system" means a system with one or more camera sensors and computers installed and operated on a school bus that produces live digital and recording video of vehicles being operated in violation of Code of Virginia, § 46.2-859. All such systems installed shall, at minimum, produce a recorded image of the license plate and shall record the activation status of at least one warning device as prescribed in Code of Virginia, § 46.2-1090 and the time, date, and location of the vehicle when the image is recorded. "School Bus" has the same meaning ascribed to it as in the Virginia Code § 46.2-844(A).
- (c) Proof that the motor vehicle described in the summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, as required by Chapter 6 (Code of Virginia, § 46.2-600 et

seq.) shall give rise to a rebuttable presumption that the registered owner of the vehicle was the person who operated the vehicle at the place where, and for the time during which, the violation occurred. Such presumption shall be rebutted if: (i) the owner of the vehicle files an affidavit by regular mail with the clerk of the Greene County General District Court that he was not the operator of the vehicle at the time of the alleged violation; (ii) the owner testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation; or (iii) a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section is presented prior to the return date established on the summons issued pursuant to this section to the court adjudicating the alleged violation. Nothing herein shall limit the admission of otherwise admissible evidence. The testimony of the school bus driver, the supervisor of school buses, or a law-enforcement officer that the vehicle was yellow, conspicuously marked as a school bus, and equipped with warning devices as prescribed in Code of Virginia, § 46.2-1090 is prima facie evidence that the vehicle is a school bus.

- (d) A summons for a violation of subsection b may be executed as provided in Code of Virginia, § 19.2-76.2 and, notwithstanding the provisions of Code of Virginia, § 19.2-76 the summons may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle contained in the records of the department. Every such mailing shall include, in addition to the summons, a notice of: (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection (c); and (ii) instructions for filing such an affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in Code of Virginia, § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a video-monitoring system in connection with the violation.
- (e) Any private vendor contracting with the Greene County School Division pursuant to this subsection may impose and collect an administrative fee in addition to the civil penalty imposed for a violation of subsection (a) and payable pursuant to this subsection, so as to recover the expenses of collecting any unpaid civil penalty when such penalty remains due more than 30 days after the date of the mailing of the summons and notice. The administrative fee shall be reasonably related to the actual cost of collecting the civil penalty and shall not exceed \$100.00 per violation. The operator of the vehicle shall pay the unpaid civil penalty and any administrative fee detailed in a notice or citation issued by the private vendor. If paid no later than 60 days after the date of the mailing of the summons and notice, the administrative fee shall not exceed \$25.00.
- (f) Any private vendor contracting with the Greene County School Division pursuant to this subsection may enter into an agreement with the department of motor vehicles, in accordance with the provisions of Code of Virginia, § 46.2-208(B)(30) to obtain vehicle owner information regarding the registered owners of vehicles that improperly pass stopped school buses. Information provided to such private vendor shall be protected in a database with security comparable to that of the department of motor vehicles' system and

used only for enforcement against individuals who violate the provisions of this section. The school division shall annually certify compliance with this subdivision and make all records pertaining to such system available for inspection and audit by the commissioner of highways or the commissioner of the department of motor vehicles or their designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000.00 per disclosure. Any unauthorized use or disclosure of such personal information shall be grounds for termination of the agreement between the department of motor vehicles and the private vendor.

(g) Any person found liable under this ordinance may contest the summons charging the violation, as provided by the Virginia Code § 46.2-844(A).

In all other respects said Code of the County of Greene shall remain unchanged and be in full force and effect.

This amendment shall take effect immediately upon passage.

RE: Building Permit Fee Schedule Changes

DATE: July 7, 2023

Fees are necessary to offset the cost of office staff, inspections and required documentation for each project/inspection. Therefore, we have made small changes and adjustments as well as some housekeeping items on the schedule to make it less complicated for staff/customers. There are no increases in new single family permits or new commercial permit fees.

We added the Accessory Dwelling Unit to the fee schedule as it was not clear how to compute it on the current schedule. An ADU is the minimum single-family fee as it has been all along therefore there is no change in the fee.

Residential Remodel Fee/Small Additions/Unfinished Basement minimum fee is \$300. The prior fee schedule had minimum fee of \$200 and \$300 which was confusing to the customer and office staff. To make the fee schedule less complicated, the minimum fee is now \$300 across the board.

Under other/administrative permits, we have made most of miscellaneous permits \$100 to have continuity on the fee schedule. This eliminates time involved in quoting and computing fees. Fees were anywhere from \$75 up to \$150 on prior schedule and now are a \$100 flat fee.

Generator Permits are inclusive to include the electric and propane/gas fee in one permit. The previous charge was \$150 which is \$50 less than an electrical and propane permit purchased separately. The Commercial Generator Permit fee increased from \$250 to \$350 which use larger propane tanks/commercial generator that come in with more complicated plans and the inspection site visits are more time consuming.

Amusement ride inspections are very time consuming and we did not have a minimum fee on this line item. Minimum fees are set to cover the cost of the inspection, travel, documentation, etc.

We appreciate your continued support as we continue to offer the best customer services to our citizens and contractors.

MEMORANDUM

TO: Greene County Board of Supervisors

FROM: Jim Frydl, Planning Director/Zoning Administrator

SUBJECT: Proposed Fee Schedule

DATE: July 25, 2023

The staff has reviewed the current planning and zoning fee schedule, last updated in 2015, to reflect an adjustment in several current fees. Fees reflect the changes in the cost of materials, advertising, and staff review period.

- E-911 signage: the cost of having the signs created has increased
- BZA Appeal: the current fee of \$200 scarcely covers the advertising costs
- PC Appeal: the current fee of \$200 scarcely covers the advertising costs
- Sign Permits: the \$50 application fee did not cover the administrative cost of the review
- Site Plan: the preliminary and final fees were combined into one fee
- Road Plan: it was a policy that the fee was \$500, or a final site plan fee, and was not included on the fee schedule
- Site Plan/Subdivision subsequent submission fee: some engineers have difficulty with addressing comments and submit up to 4 times without additional fees
- Family Divisions: clarified fee schedule
- Tourist Lodging and Home Occupation Permits: increased fee to cover permit review
